# Timing is Key!

Games

Real Steel the movie launch date: October 7<sup>th</sup> 2011

#### Real Steel the game launch date: September 2011

#### Game Development begins: <u>March 2011</u>

## Timing was the Key!

First Update: 2 Robots November 2011

#### Real Steel movie dvd launch date: January 24<sup>th</sup> 2011

#### Second update: 2 Robot packs January 2011

7

#### Homing in on 3 key factors

- Marketing spend phases for Hollywood release
  - Before release of the movie
  - DVD release
- Dropping the price to \$0.99
- Releasing two key robot characters from the movie as IAP for \$0.99

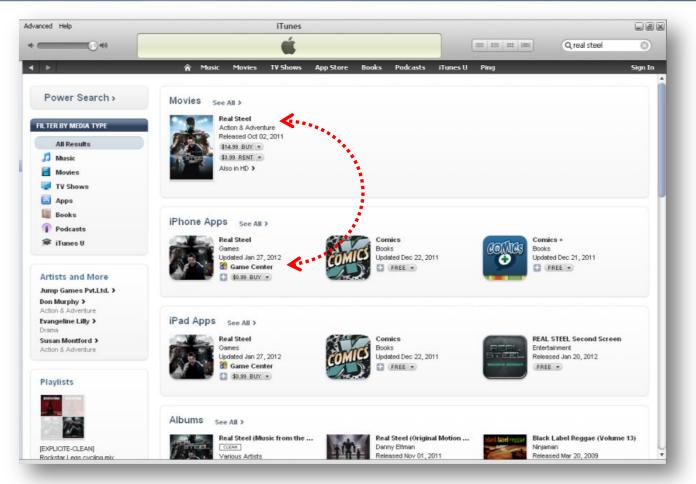

#### <u>The result:</u>

# **DVD** release sustaining the results

Games

**Reli** 

#### Robot update packs pre and post the DVD release helped us gain more traction on the game

Games

• In 4 Months:

- We had a top 10 game
- Made Profit on the game

# Should we focus on New Game or continue with Updates?

casual connect asia, may 21 - 23, 2013

# **Key Consideration Points**

# Updates

- Cost of Updates
  - Key resources
- Organic Growth
  - We had spent very little on marketing
- How Unique is the game?
  - There was no other Robot Boxing game
- What were the KPIs
  - Strong Day 1, 7, 30 retention
  - High % of paying users
  - Good ARPPU
  - High % of Install base updating the game

# New Game

- Total Cost of Development & Marketing
- New Game Concept and USP
- Was investing in One new game enough?
- Should we Spray and Pray?

# Updates was the Way to Go!
